The meeting was convened by vice chair Eddy B. Brixen.

As the attendance were limited and the participants - except for the chair person - had not earlier been introduced to the work of the TC-AF most of the meeting was spent presenting the actual position and tasks of the committee. Also a status of the upcoming AES 39th International Conference on Audio Forensics was given.

Upcoming events: AES39th International Conference: Audio Forensics - Practices and Challenges. The AES39 conference will take place in Hillerød, Denmark, June 21-23 2010.

AES129 San Francisco: No actions were taken regarding the AES125 as focus should not be taken away from the Denmark conference. However, individual papers are welcomed.
